

The INSTRUCTIONS are the same for creating THIS \*\*\*LAMB are

the same for these patterns also:

CAT/DOG/ELEPHANT/HIPPO

The body is made using some type of FORM. (Styrofoam was used on this piece, however you can use a small cylinder, socks (filled with sand) or other object that will provide 'fullness' to the body.)

HOOFS and/or PAWS are double layered to strengthen/stabilize the body.

FUR (LAMB/DOG/CAT) or HIDE (ELEPHANT/HIPPO) is yours to design/customize.

\*\*\*\*Thanks to Gianna Lovell for her last minute creation of the Lamb for these instructional photos

Dowel  
&  
Styrofoam  
SUPPORT

DBL LAYER HOOFE

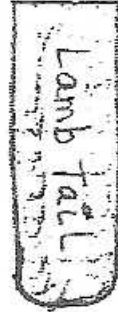

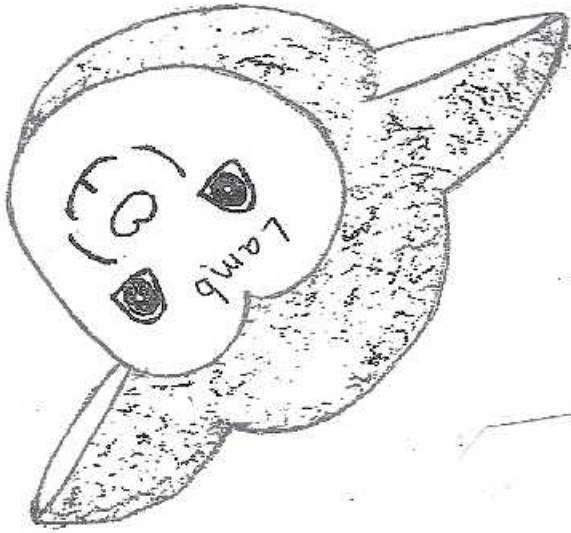

Dowel  
added to  
allow for  
length

Swirls  
for fur

Thanks  
Gianna!

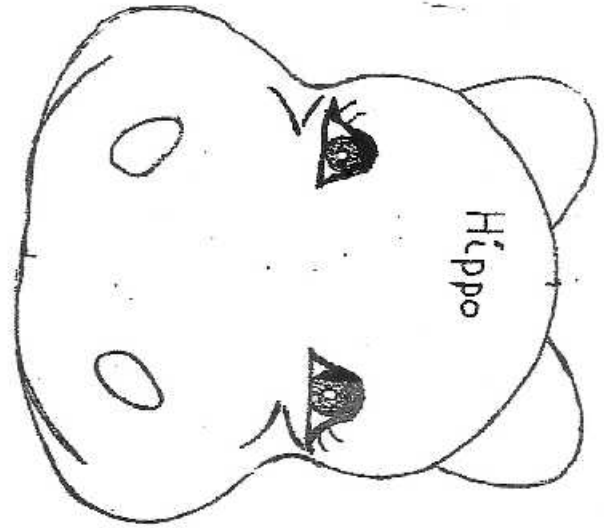

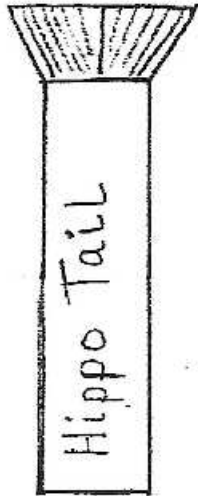

# LAMB

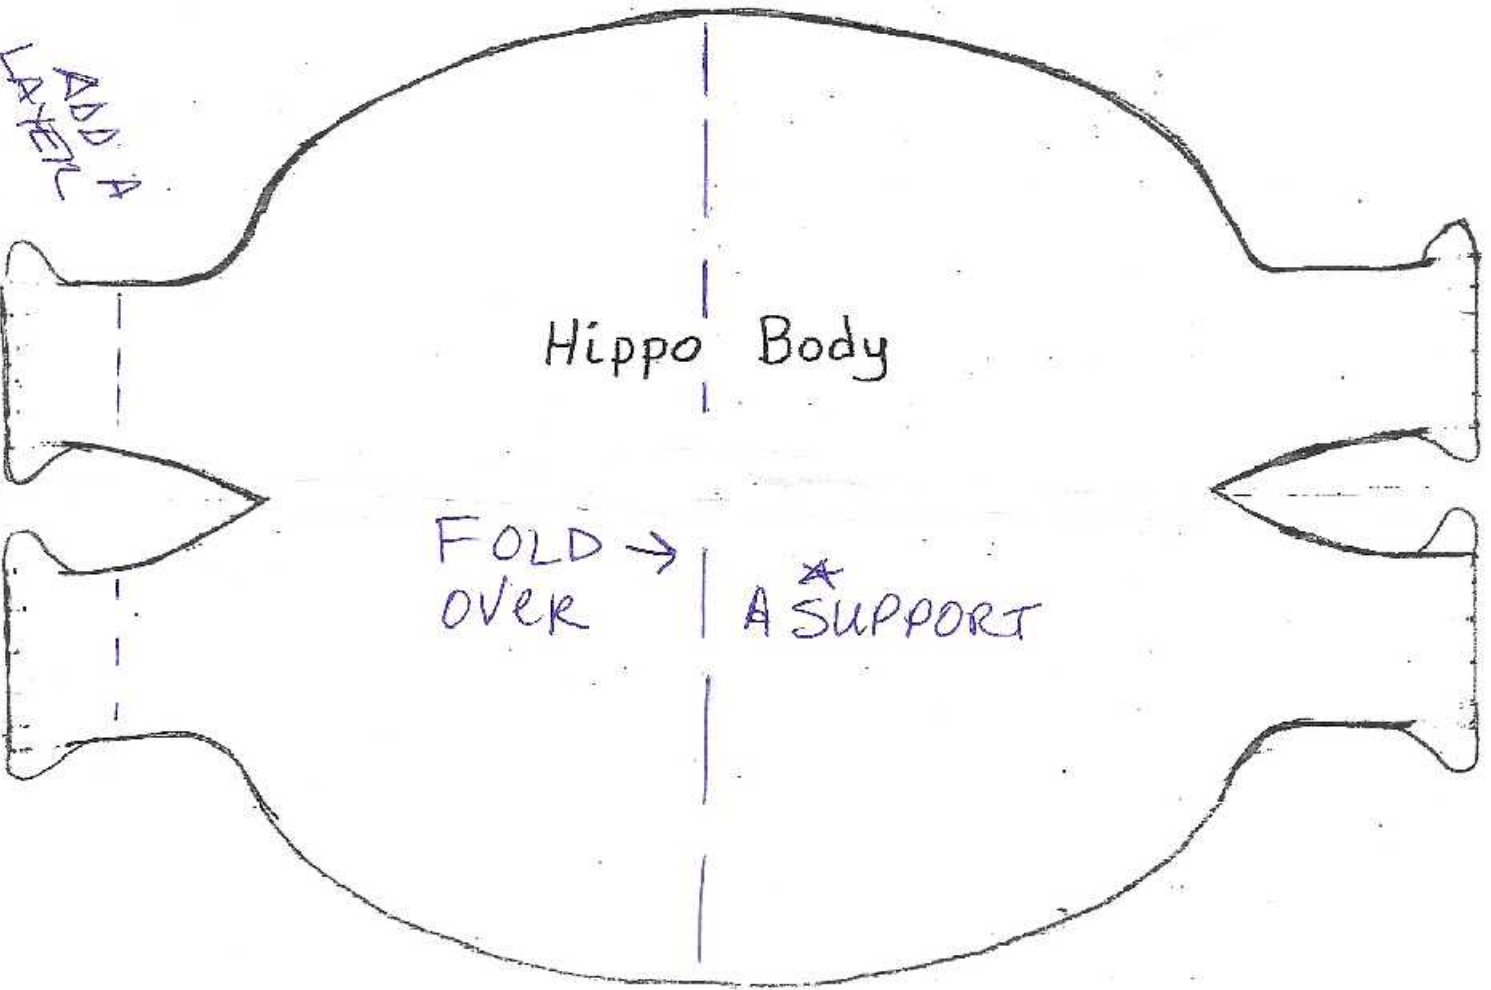

ADD A 'HOOF'  
LAYER TO STRENGTHEN  
BASE

\* SEE PHOTO FOR 'SUPPORT'  
IDEA

# HIPPO

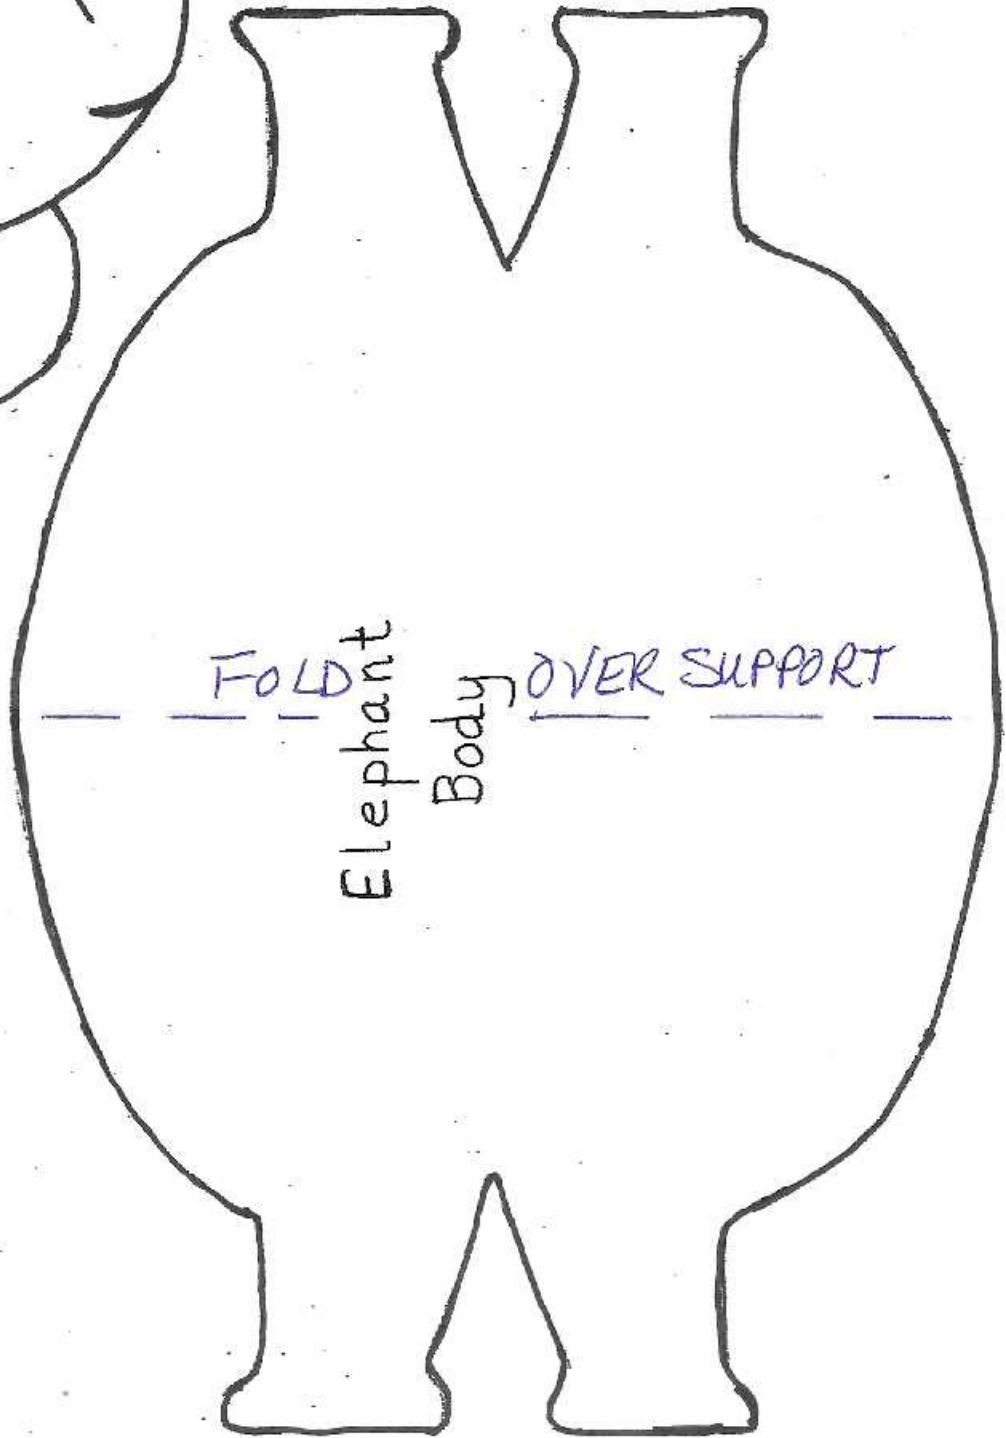

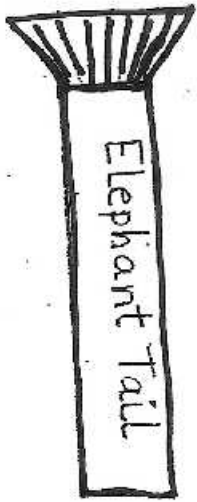

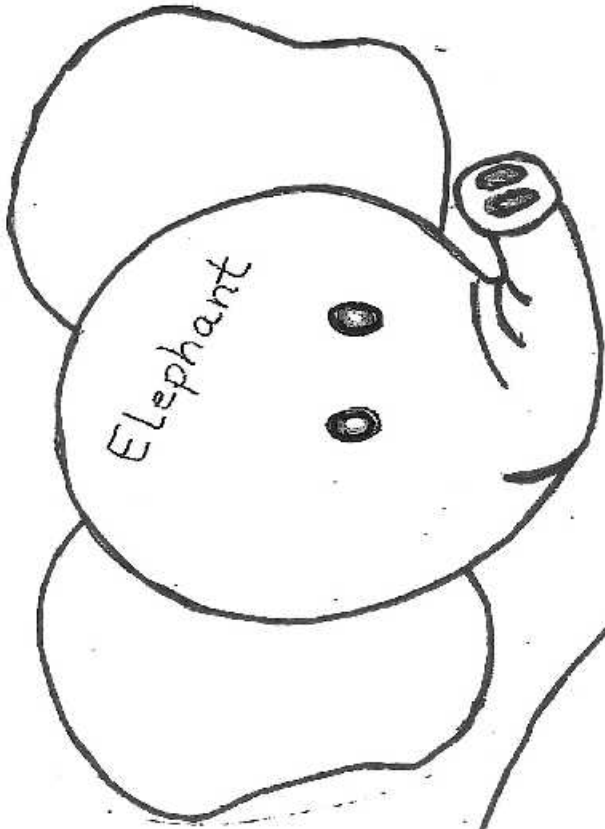

ADD A  
LAYER  
TO  
STRENGTHEN  
BASE

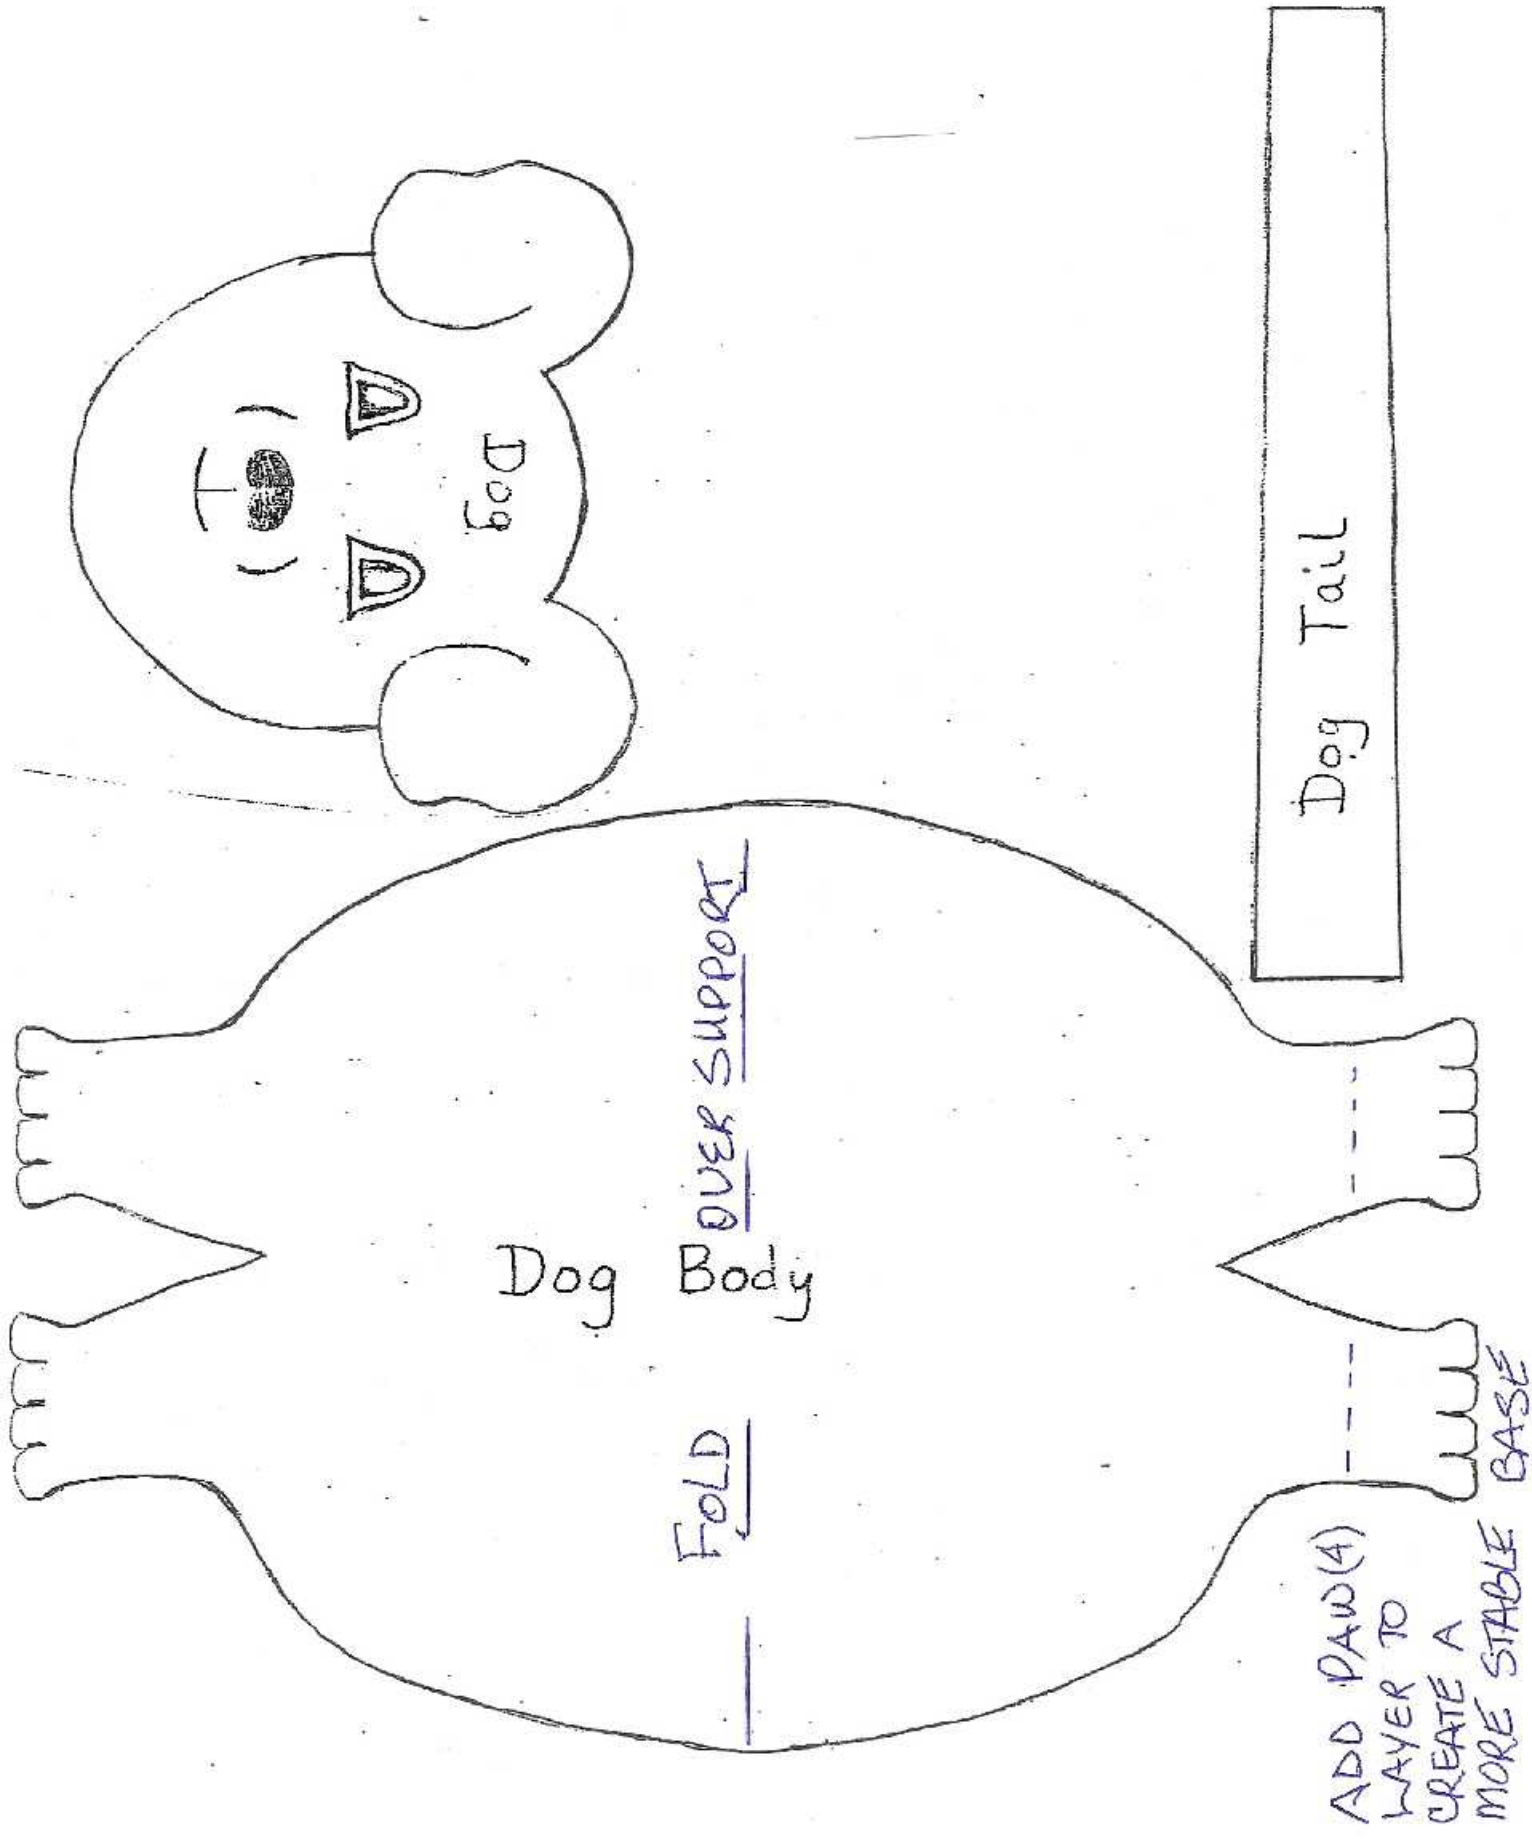

\* INSTRUCT PAGE & REF PHOTOS

# ELEPHANT
